"Again the silent wheels of time  
Their annual round have driven"

And again, with all the pent-up feeling of a grateful heart, we extend to you our sincere thanks for all the kind favors shown us in the past. May 1917 be a year of unusual prosperity for you. May the Spirit of Good-will between us grow ever stronger. Let's work together to make this "The Land of Flowers".

I take great pleasure in presenting you with a copy of my little catalogue for 1917 with the assurance that your valued orders will have my prompt and careful personal attention.

**General Directions to Customers.**

**ORDER EARLY.**—The demand for some varieties often exceeds the supply, order early and you will be less liable to disappointment.

**FORWARDING.**—I deliver postage paid to any postoffice in the U. S. Bulbs etc., in small packages, at catalogue prices, except where otherwise noted.

**CASH WITH ORDER.**—Please send money with the order. If we are unable to fill the order your remittance will be immediately refunded.

**REMITTANCES.**—Post-office money orders are the safest way of sending remittances; Postage stamps will be accepted in small amounts, coin or bills should be sent by registered mail.

**NAME AND ADDRESS.**—Please remember to write your NAME and POST-OFFICE ADDRESS very plainly, also give directions how you wish the goods shipped.

**TIME OF SHIPMENT.**—Dahlia bulbs will be shipped about April 15th. on all orders which have reached us before that date. All dahlia orders after Apr. 15th. will be shipped the same day received. Dahlias can be planted successfully up to June 1st. Other goods are shipped on receipt of order, or at such time as I deem best for the safe handling of same.

**ERRORS.**—I exercise the utmost care in filling orders, yet in the press of business errors sometimes occur, in which event I wish to be promptly notified and will make such corrections as will be satisfactory.

**NOTE.** The prices in this list are Net. We have no Wholesale Prices.
Wingren's Superb Dahlias.  
"THE BEST IN THE WEST",

In adopting my motto "The Best in the West" for my dahlias; I do not intend to make the claim that I am growing the largest number of acres of dahlias in the country in the same sense that I would speak of the largest number of acres of wheat or oats grown. Not how many but How Good is my aim.

I do claim, however, that as an extra choice collection of dahlias I have "The Best in the West". I am listing here about 300 varieties of dahlias and I can truthfully state that there is not a dahlia in my entire collection that I would care to discard until I find a better one to take its place; every dahlia that I offer has special merit.

I grow all the dahlias which I offer for sale and give them my personal attention during the entire growing and blooming season watching them carefully while in bloom and discarding all undesirable ones.

The prices quoted on dahlias are for strong, healthy, field-grown tubers; guaranteed to grow and true to name.

Pointers on Dahlia Culture.
Complete directions how to grow dahlias will be sent with all dahlia orders.

Classification of Dahlias.
Dahlias are generally divided in the following classes.

Cactus Dahlias.

The cactus dahlias are by far the most popular of the group of the dahlia family, having long twisted petals of the most beautiful colors, many of them blending one color into another in the most exquisite manner. The flowers are loosely arranged and very irregular, often resembling the chrysanthemum.

The following collection embraces the varieties that can be depended upon to give the greatest satisfaction, having been selected from hundreds of varieties.

If you are not familiar with dahlias and wish to leave the selection to us, we will guarantee satisfaction.

Show Dahlias.

These are a branch of the old ball-type, being of perfectly full rounded, regular form, cupped or quilled petals and solid color or tipped darker than the ground color.

A. D. Livoni.—Clearest shade of pink known in dahlias. .15
Black Prince.—The darkest dahlia yet out, fine form. .25
Dreer’s White.—Pure glistening white of perfect form. .25
Frank Smith.—Purplish-maroon, each petal tipped white. .25
Pandora.—Soft mauve-pink of perfect form. .20
Princess Victoria.—The earliest and freest-flowering primrose yellow; every bloom perfect. .15
Striped Banner.—Cardinal-red with broad white stripe in the center of each petal. .20
Victor.—Clear purple of perfect form. .25
W. W. Rawson.—White overlaid with amethyst-blue; the best show-dahlia in existense. .25

Paeony-Flowered Dahlias.

The Paeony-Flowered Dahlia is a new type which is now attracting great attention and is fast coming to the front as the best of all dahlias for decorative purposes; it being of a large, loose, fluffy type it adapts itself for decorations better than any other type.

Canary Girl.—Delicate canary-yellow; the flowers are large with broad, slightly twisted petals and borne on graceful stems; very desirable for all purposes. .25
Fidalgo.—Light lavender-pink with beautifully curled and twisted petals. .25
Garnet Queen.—Deep garnet; fine as a cut-flower. .20
Magnet.—Beautiful rose, suffused with white. .25
Mrs. Woodrow Wilson.—Creamy-yellow; large and of a fluffy appearance. .50
Solfatara.—Brilliant carmine with yellow center. .25
Whidby.—A very large, artistic flower of a delicate shade of soft rose-pink on lighter ground; the best of its color. .25
Wilcox.—Rose-pink with lighter shadings, fine for cutting. .25

Hybrid Paeony-Flowered Dahlias.

This new type of dahlias are destined to become the most popular of any class when they become better known, they are as the name implies, hybrids or crosses between the cactus type and the paeony-flowered dahlias, having some characteristics of both.
Their artistic possibilities are unlimited when used for decorative purposes.

Miss Adelaide M. Buttle.—(Hybrid Cactus) A new type of dahlia, the center of the bloom showing a true decorative type, while the outer petals are of perfect cactus form. The color in the center of the bloom at the base of the petals is a delicate primrose yellow, gradually blending to a creamy white over the entire flower. 1.00

Mount Baker.—Pure glistening white with open center, long slim petals slightly incurved .35

Prince Charming—In color a blending of apricot, orange, yellow and the palest rose; good stems and fine for cutting .25

Red Riding-Hood.—As an art dahlia this one is at the head of the list. The color is the most brilliant intense crimson-maroon known in dahlias; very large and full 1.00

Zelda.—The base of the petals are of a light golden-yellow which gradually blends to white at the tips .25

Pompon Dahlias.

The Pompon class is the miniature of the show-dahlia, being the same round ball-like form, but much smaller in size, the plant also being dwarf and of branching habit, and are extremely profuse bloomers. Especially valuable for small grounds and for decorations.

Baby Alvah.—Pure white, tinted pink at the tips .25

Darkness.—Deep velvety maroon .15

Gretchen Heine.—Ground color rose tinted white, each petal heavily tipped crimson-carmine .20

Little Bessie.—Creamy-white; closely quilled .15

Little Herman.—Deep carmine, shaded garnet, tipped white .15

Rosalie.—Lemon-yellow, tipped solferino .15

Snowclad.—A fine pure white .15

Vivid.—A vivid brilliant scarlet .20

Collerette Dahlias.

The Collerette Dahlia is in a class by itself, having a single row of petals like the single dahlia and in addition have a collar of smaller petals around the center of the flower usually of a lighter color than the outer petals.

Comte Noodler.—Deep purple-garnet with sulphur-yellow center, collar petals sulphur-yellow .35

Director Rene Gerard.—Ground color creamy-white suffused with purple, creamy-white collar petals .20

Goldstern.—Both ray and collar petals canary-yellow .25

Henry Farman.—Cardinal-red frequently edged with creamy yellow, collar petals yellow .25

Maurice Rivoire.—Oxblood-red with deeper shadings in the center of petals and a pure white fringed collar .20
**Meteor.**—Deep cardinal-red occasionally tipped with creamy yellow, collar petals sulphur-yellow                   .20

**Single Dahlias.**

The Single Dahlia has but one row of petals, resembling the cosmos, and are very free-flowering; they are very fine for decorative purposes.

**Ekford Century.**—Pure white, spotted and penciled with crimson; very large                              .15

**Fringed Century.**—Rosy-crimson with lighter markings                                           .15

**Gladys.**—Rosy-crimson and white center surrounding the yellow disk                                .15

**Miss Emma**—Dark salmon-yellow with light center                                                .15

**Mrs. J. C. Hance.**—One of the prettiest, tender rose-pink                                       .25

**Red Chief.**—Large size of a brilliant crimson color                                              .15

**Sensation.**—Brilliant red heavily tipped with white                                            .15

**Poinsettia—(DUPLEX DAHLIA)** Brilliant scarlet with yellow center; one of the best                .25

**Dahlias From Seed.**

To grow dahlias from seed, start your seed in a hotbed or in flats in a warm room in the early part of April.

When the plants are about 2 inches high, transplant to larger flats, or to the open ground after all danger from frost is past.

The seed I offer is all hand-picked from the choicest marked blooms in the fields, it must be remembered however that dahlia seed seldom produce the same type or color of bloom as the one from which the seed was taken.

**PRICE.** Pakage of about 50 Seed 25 cts.

**Special Dahlia Offers.**

For the benefit of those not familiar with the names, colors, and characteristics of dahlias, and wish to have the selection made for them, I will be pleased to make up the following collections, the selection of varieties to be left to me.

**COLLECTION NO. 4.**—Your own selection of $12.50 worth of dahlias from this catalogue      to you Postpaid for $10.00

Dahlias do well with us. They will do well with you.
Wingren's Choice Gladiolus.

The Gladiolus is without a doubt the most attractive and useful of all summer-flowering bulbs, either as a cut-flower or for garden decoration, for best results they should have a sunny position. Plant any time from April 15th. to June 15th.

The bulbs I offer are all of my own growing; first sized mother bulbs and should not be compared with the small bulblets offered by some dealers at cheap prices.

America.—Conceded to be one of the finest varieties for cutting or bedding ever sent out. The color is a beautiful soft flesh-pink orchid-like in its texture; growth and habit perfect.

6 cts. each; 65 cts. per doz. $4.50 per 100 postpaid.

Augusta.—A lovely and useful variety, pure white with blue anthers.

Mme. Calot.—Large flowers of a pale hydrangea-pink; very delicate when cut in bud state .75
Queen Victoria.—A very good early white .35

PAEONIA OFFICINALLIS.

This is the real old-fashioned 'Peony' of our Grandmothers garden, and comes into bloom from ten days to two weeks earlier than the above sorts. All are good strong growers, with large, full double, fragrant flowers.

Alba.—Blush-white; very fine .50
Rosea.—Bright rose-pink .35
Rubra.—Brilliant, glowing deep crimson .35

Orchid-Flowered or Spencer Sweet Peas.

We are not listing a lot of varieties of Sweet Peas just because they are new or so called novelties; in a great many instances the 'New Varieties' so nearly resemble some already existing variety that even the experts have a hard task to tell them apart.

We try out practically all the new varieties introduced each year and compare them with the older varieties, if we find the new ones superior to the older sorts they are retained, if not they are discarded.

The varieties offered below have all been given from two to ten years personal trials under varying conditions and we have found them to be all that anyone could wish for in color, size, length of stem, beauty and productiveness.

Apple Blossom Spencer.—Rose and blush pink, very large.
Asta Ohn.—Soft lavender tinged with mauve
Black Knight Spencer.—Large, rich, deep maroon
Blanch Ferry Spencer.—Beautiful pink and white, very large
Constance Hinton.—The largest and finest white, flowers frequently two and one half inches across; a strong vigorous grower with very long strong stems
Countess Spencer.—A lovely soft rose-pink, shading deeper at the edges; this is the original of the Spencer type.

Dainty Spencer.—Very large beautifully waved flowers of pure white, daintily edged pale rose pink

Dobbie’s Cream.—The largest and finest primrose-yellow

Flora Norton Spencer.—Clear azure blue

Florence Nightingale.—The largest and finest pure lavender

Frank Dolby.—The largest and best pale lavender-blue

Helen Lewis.—Brilliant crimson-orange; wings, orange-rose

King Edward Spencer.—Bright crimson scarlet; magnificent in size and color

King White.—The finest white-seeded pure white; The grand, large, wavy flowers are born almost invariably in “fours” upon stout stems of great length

Mrs. Walter Wright Spencer.—Beautiful shade of deep mauve

Margaret Atlee.—The largest and finest rich pink Sweet Pea; — the “Spencer Supreme”

New Miriam Beaver.—Very dainty in coloring being of a soft chamoise or shell-pink shaded with apricot

Orchid.—This grand variety is one of the freest blooming of the newer Sweet Peas. In color a rich, deep lavender, slightly suffused with pink, similar in tint to the color tones found in the Cattleya Orchids. A beauty in every way

Primrose Spencer.—A beautiful primrose-yellow

Queen Alexandra Spencer.—Rich bright scarlet, very large

White Spencer.—A pure waxy white of enormous size and splendid substance; long, strong stems,

PRICE.—Any of the Sweet Peas listed above. 10 cts. per package.
Six packages for 50 cts. One package each of the 21 varieties listed will be sent Postpaid for $1.60.

Wingren’s ”TYEE” Sweet Pea Mixture.

This superb mixture is grown at my trial grounds under my own personal supervision. It is made up from about an equal quantity of 36 varieties of selected sorts of Spencer Sweet Peas, including only the very best of the newer and older varieties, thus insuring a range of choice colors not to be found in any other Sweet Pea mixture in existence.

Owing to the fact that the season of 1916 was the most favorable in years for the growing of Sweet Peas, my crop was nearly double compared with former years; consequently I am giving my customers the benefit and offer this superb mixture at lower price than I could buy the most common mixtures from the wholesale growers.

PRICE. 5 cts. per package. 20 cts. per ounce. 50 cts. per quarter ounce. $1.50 per pound.

We find that satisfied customers is our best advertisement.
Choice Hardy Perennials.

The plants offered below are all strong hardy stock which with reasonable care will bloom the first year after planting.

We prepay the plants to your nearest post or express office.

Aqiiilegia.—(Columbine) The Columbines are one of the most elegant and beautiful of hardy plants, producing their graceful spurred flowers on stems rising 2 feet or more above the beautifully divided foliage. We offer the Canadensis and the Chrysantha Grandiflora Alba. Strong plants 15 cts. each. Seed 10 cts. pkg.

YUCCA FILAMENTOSA. (adams needle)

Among hardy ornamental foliage and flowering plants, this 
can be classed at the head of the list. Its broad, sword-like foliage 
and five to six feet tall, branched spikes of large, fragrant, droop-
ing, creamy-white flowers during June and July make it an effect-
ive plant for all positions. Each 25 cts. doz. $2.50

The following came to us from Everett, Wash. just before 
going to press.

"I got two or three fine Seedlings from your Dahlia Seed last 
year. One took prize as Best Seedling at Tacoma Show and there 
were three long tables of them. Mr. ———— wanted me to name 
the Dahlia after him, so I let the three Judges name it ————. 
Please send me another pakage dahlia seed."
Imperial Japanese Iris.

The improved form of this beautiful flower have placed them in the same rank popularly as the Paeonies. Coming into bloom about the middle of June they fill in a period when flowers of this type are particularly welcome.

They succeed in almost any soil and position, but respond quickly to liberal treatment, they like rich soil and plenty of water when they are forming their buds and developing the flowers.

Wingren’s "TYEE" Pansy Plants.

These imposing five-spotted flowers which on long, vigorous stalks surmount the foliage in the most graceful manner, are of enormous size, perfectly round form, original structure, and unusual substance. The individual petals are exceedingly broad and cover each other in such a manner as to make the flowers appear almost double. With most of the flowers the border of every petal being conspicuously undulated and curled, which gives the flowers a striking and very peculiar appearance, entirely new to this class of plants.

We deliver strong, hardy, field-grown plants in April, May and June at 50 cts. per dozen. $3.00 per 100 postpaid.
Grego’s Giant Comet Aster Seed.

After repeated trials of various kinds of asters I have found none more satisfactory than the Grego’s Giant Comet. Tall growing, branching and bearing on very long stalks, flowers of mammoth size. The flowers, which may be cut with stalks up to two feet in length, measure up to eight inches across, being densely double and fine for cut-flower purposes.

Dreer’s Late Branching Aster.

This superb strain is of American origion, and is especially adapted to our climatic conditions. Strong, branching plants over two feet high bearing numerous Chrysanthemum-like flowers. We have these in White and Shell-pink. 15 cts. per pkg. 2 for 25

Black Tailed Japanese Bantams

If you want something to interest your boys or girls, there is nothing better than a few of these little beauties.

The Black Tailed Japanese Bantams are not very extensively bred but wherever they have been introduced they have made many freinds. They are easily raised and command a ready sale at good prices. Their white plumage with great, big, black tails, carried high over their backs; their extremely short legs, large heads and sprightly appearance make them great favorites.

A few pairs of Choice Breeders for sale at $4.00 per pair.

Eggs for hatching $1.50 per dozen. Packing and postage 25 cts. extra.
